BC PAKISTAN

This has been such an exciting year in terms of ministry and new projects and churches that have been taking place globally.

In the past month, we have launched our first campus in **Pakistan** with a young Pastor called **Ahtsham Hanif** and we are very very excited that over the year we have built a strong relationship with **Pastor Ahtsham**. He's a young man in his mid to late 20s and on the first night we had over **85 to 100** people attend. We will also be blessed to be able to feed all of them and we are excited as Pakistan is a dominant Muslim nation, and we want to see the word of God being preached in this nation. And so it's my heart's delight to see us planting campuses in mainly Muslim nations where these young pastors are risking their lives to preach!

APOSTLE DAVID TRIP TO HAWAII

Over the past three weeks, *Pastor Dee* and I have been ministering in Hawaii, and it's been an incredible journey. We started with a week on *Oahu* at *Door of Faith Church*, where I had the privilege of leading a leadership conference focused on building up leaders. Throughout the week, we held various seminars and meetings to discuss the importance of regional leadership and the vision for citywide transformation.

Following our time in *Oahu*, we flew to *Maui* to minister at several churches. We were deeply moved by the number of people coming to faith and amazed by the prophetic words released over individuals, the islands, and the entire region.
